APIALES

# COLLECTION

THE STORY OF

# APIALES

With inspiration from flowers, Sofie Refer has designed the new chandelier collection, Apiales. The collection consists of two chandeliers with 9 or 18 mouth-blown glass globes and are available in golden Brushed Brass finish or the smooth Satin Black. From a specially-produced canopy, the arms unfold like flower stalks from which light is spread with grace. Suitable for residential homes, restaurants and hotels.

*"Light affects me in a positive way. It boosts the energy and creates atmosphere in a room.*

*For me, a chandelier is the ideal form of lighting" - Sofie Refer*

LILA

# COLLECTION

THE STORY OF  
**LIILA**

The Liila collection has a playful approach to light and how wall lighting is normally conceived. Liila is a sculpture for the wall from where it spreads an extravagant atmosphere through its mouth blown glass. The clear optic glass gives a defined light, creating radiant reflections like the rays of the sun, while the opal white glass gives a soft, diffused light like a Nordic midnight sun. The collection consists of single wall and ceiling lamps and a chandelier for the wall which can be customised.
